

## KA9120

PS/2 VGA KVM Adapter with Composite Video Support

The Altusen PS/2 CPU adapters connect KVM cables to the PS/2 console ports of the servers. Those adapters are light and in small form factor, fit perfectly into most of the rack-mount or desktop servers.

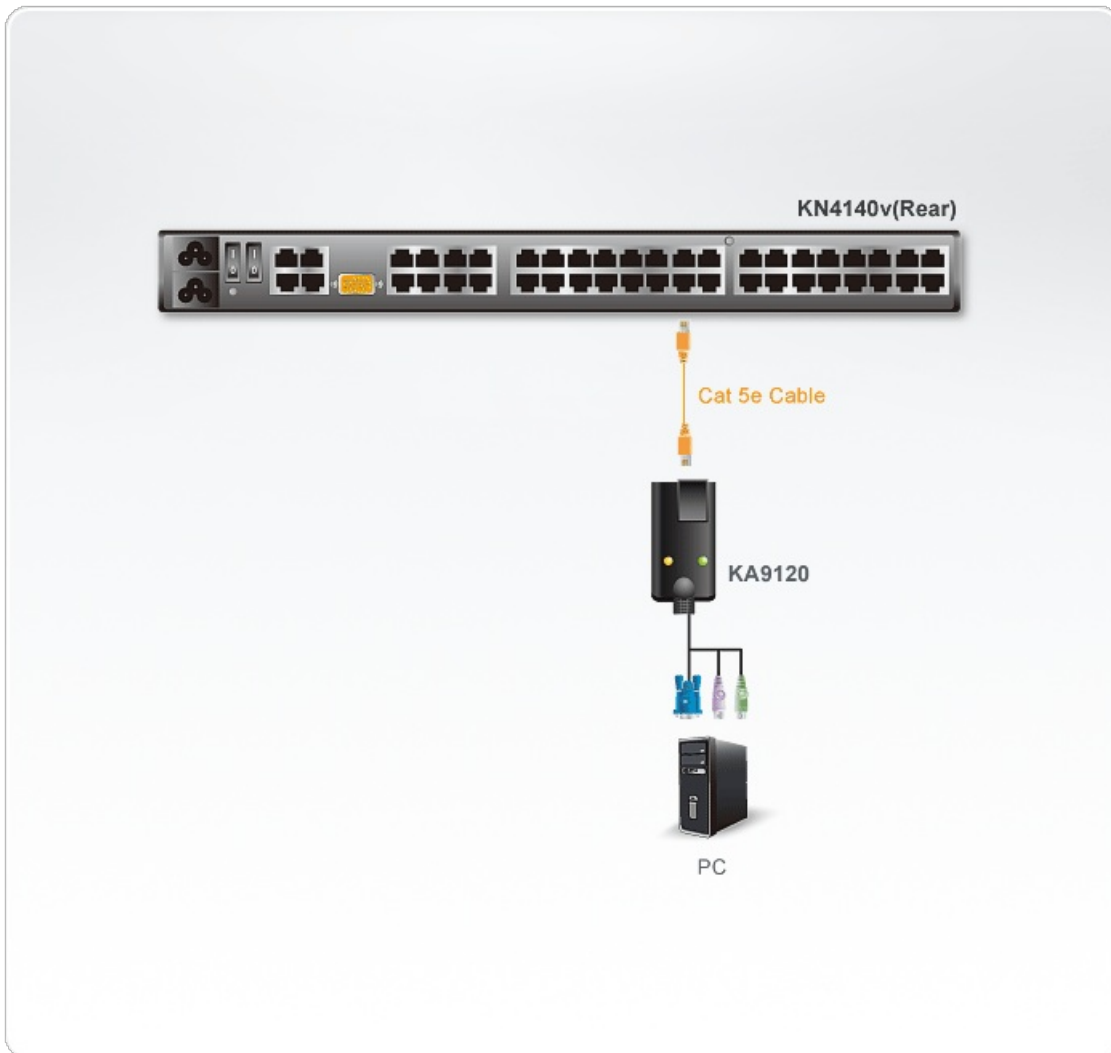

### Features

- Auto Signal Compensation (ASC), no DIP switch setting needed for the different distances.
- Hot pluggable - add or remove computers without having to power down the switch.
- Lifetime firmware upgrades.
- Superior video quality - supports resolution of up to 1024 x 768; DDC2B.
- Built in ASIC for greater reliability and compatibility.
- CPU module designed with automatic conversion to allow for flexible interface combinations (PS/2, USB) to control all computer types (PC).
- Compact size.

## Specification

|                        |                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Connectors             |                                                                                                                                 |
| Link                   | 1 x RJ-45 Female                                                                                                                |
| Computer               | 2 x Min Din 6 Male<br>1 x HDB-15 Male                                                                                           |
| LEDs                   |                                                                                                                                 |
| Online                 | 1 (Green)                                                                                                                       |
| Link                   | 1 (Orange)                                                                                                                      |
| Physical Properties    |                                                                                                                                 |
| Housing                | Plastic                                                                                                                         |
| Weight                 | 0.14 kg ( 0.31 lb )                                                                                                             |
| Dimensions (L x W x H) | 9.00 x 4.30 x 2.18 cm<br>(3.54 x 1.69 x 0.86 in.)                                                                               |
| Note                   | For some of rack mount products, please note that the standard physical dimensions of WxDxH are expressed using a LxWxH format. |
